Press Release

6th EADV Spring Symposium – Bucharest, Romania, April 23-26, 2009

(Brussels, 27/03/2009) Where East and West meet, at the crossroad of history, civilizations and nations, Romania welcomes Dermatologists from Europe and all over the world for the 6th EADV Spring Symposium.

Scientific programme

This year, the EADV Spring Symposium is dedicated to the theme of **Skin and Quality of Life** and brings together a rich scientific programme emphasizing the complex influence of skin health on all the aspects of human life.

The 6th EADV Spring Symposium will run under the concept of “Endless Dermatology”, inspired by a famous work of the world-wide known Romanian sculptor Constantin Brancusi. His “Endless Column” stands as the logo of the Symposium, as symbol of the endless passion to learn, but also of the unlimited possibilities to develop and to perfect our science and our art –Dermatology. World-wide reputed experts from the fields of clinical dermatology and dermatological research, as well as representatives of patients’ fora will meet in Bucharest to share their expertise during 17 symposia, 17 workshops, 8 focus sessions and 6 plenary lectures.

It will give generous space to the free communications for the latest scientific results, will advocate through its plenary lectures the place of quality of life into dermatological care and will close, in the beautiful EADV tradition, with a new beginning on what’s new in clinical dermatology, venereology and dermatological research.

The Symposium will welcome all those united by the endless passion for Dermatology from all over the world, as outstanding speakers from Australia, South Africa, and representatives of the American Academy of Dermatology will join their European colleagues for an exciting scientific programme.

On the endless path of Dermatology, the Bucharest EADV Spring Symposium invites you to take together one step further.

Professor Dan Forsea
Symposium Chairman

EUROPEAN ACADEMY OF DERMATOLOGY AND VENEREOLOGY
ACADEMIE EUROPEENNE DE DERMATOLOGIE ET DE VENEREOLOGIE
A non profit association / Association sans but lucratif
